

# WE SOLVE COMPLICATED PROBLEMS

March 16, 2020

Dear colleagues and friends,

As the global coronavirus (COVID-19) pandemic continues to impact our daily lives, SCG wishes to let you know that we continue to serve our clients uninterrupted.

It is a hallmark of SCG to be responsive to our clients' needs, whenever and wherever they may be. This will not change. SCG operations remain fully functional. Our firm and staff have begun to work remotely using our state-of-the-art technology, fully redundant network and secure and encrypted data.

We also would like to remind you that during this time of uncertainty, employers should remain vigilant in regards to their data systems, accounting processes, technological access and internal controls.

SCG will continue to work with you as seamlessly as possible throughout this difficult period and encourages you to reach out to us with any questions or concerns.

We hope that you and your families stay healthy and safe.

Sincerely,

Brad Sargent  
The Sargent Consulting Group
